

jUCMNav Report

<http://softwareengineering.ca/jucmnav>

Intentional Elements

1. account to be created by the referee
2. Avoid new usernames and passwords
3. Email Notification Per Letter
4. Email Notifications to Referees
5. Email Notifications To Student
6. Ensure authenticity of letters
7. Initial & Reminder Emails
8. Inputs All Info Up Front
9. Minimize acquisition cost
10. Minimize time writing letters
11. One Email Notification to Referee
12. One Email Once All Received
13. Secure Input of Reference Letters and Scores
14. Student Inputs Only Name & Email
15. Student's support form
16. Minimize work required
17. Track progress of recommendation letters

18. Input of Referee's Coordinates by Student

Actors

1. University
2. Referees
3. Student
